1	<p>hello I'm Danita Bates of the 16th Ward RCO and Committee Member/ Vice Chairwoman of 16th Ward. Community Activist/Organizer. My email is batesdanita@yahoo.com.</p> <p>Thanks so much 😊😊</p>	Danita Bates	'-	<p>Hi Ms. Bates. Thank you for your comment.</p>	4/20/2023 13:31

My name is Marnie Loughrey and I am the Chair of Kensington Independant Civic Association (KICA). Will the changing of boundaries to Streets, structures and natural boundaries stop RCO's from overlapping each other. As it is now 2 other RCO's overlap my boundaries and sometimes the hearing is sent to one where the people that show up do not live in the affected area. They vote for or against with out having to live with the outcomes. As you are aware as long as they bring proof that they mailed out the notice no one has to show up and 2 vote for or against

Thank you Marnie. We will read your text to the Commissioners. And we are sorry that we can't hear your voice on Zoom. 4/20/2023 13:31

I think if you already know which RCOs have had their boundaries changed, it would be very helpful to have that information sooner rather than later. Kate Friend, President, Fox Chase Homeowners Association RCO

Can a link to the boundry of the affected RCOs be made part of the RCONotification email 4 and webpage?      Craig Melidosian    '-      We don't have a way to send a link to individual RCO boundaries. We'd have to send a general link to Atlas, which would show all of the RCO boundaries in an area when a person enters an address into the search bar. <https://atlas.phila.gov/>      4/20/2023 13:38

Tinamarie has a great point. I would suggest there be a general hearing on the topic of protecting RCOs from being sued out of existence by developers.      Kate Friend      '-      Kate, thank you for your comments. Can you please raise your hand and speak with the Commissioners?      4/20/2023 13:43

hello also many concerns of RCO Members teaming up with Developers against RCO and Community and collecting monies ongoing issue.      Danita Bates      '-      Thank you for your message. Your comments will be part of the meeting record.      4/20/2023 13:48

<p>David- It is important and powerful to go to Open Maps, input a RCO's name and discretely see only their boundry, then be able to layer the map output as inserting additional RCO names. Please consider for near future implementation basedon today's public 7 comment.</p>	<p>Craig Melidosian '-</p>	<p>We appreciate the suggestion Craig. I'm not sure that's possible. But we can check with our IT staff.</p>	<p>4/20/2023 13:50</p>
<p>Why arent Affected/Jurisdictional RCOs attending the Coordinating RCO's meeting so they know first hand what the vote 8 was?</p>	<p>Anonymous Attendee</p>	<p>I am sorry, but state law requires us to record the name of each commenter. We cannot accept anonymous comments.</p>	<p>4/20/2023 13:52</p>
