## 100.10 Medical Emergency Procedures

(a) The WRB shall delay shut off of water service and shall restore service previously shut off upon receipt of a medical certificate. A “medical certificate” is a written document that certifies that a customer or member of the customer’s household, or a resident of a Residential Property, is seriously ill and is signed by a licensed physician, nurse practitioner, or physician assistant. The medical certificate must set forth the name, address and telephone number of the physician, nurse practitioner, or physician assistant, the name and address of the resident, customer or household member who is ill, and state the anticipated duration of the illness. WRB will make available a form that a licensed physician, nurse practitioner, or physician assistant may use for this purpose. ~~where shut off will aggravate an existing serious illness of any person who is a resident of the Residential Property if a written certification on a physician's stationery, dated and signed by a physician is submitted to the WRB which sets forth the name, address, and telephone number of the physician, the name and address of the resident who is ill, that the physician has examined the person, and the nature, seriousness and expected duration of the illness.~~
