REGULATION NUMBER	REGULATION	ACTION	EXPLANATION
9.0667	Additional Credits for Social Worker Services Trainee and Social Work Services Manager 1 Examinations	Revision	This regulation is being revised to remove the Social Services Trainee class (5A03) from the classes eligible for additional credits. The Social Services Trainee class was established in 2005 to capture candidates who have completed a comprehensive internship program with the Department of Human Services. Since the internship is a minimum requirement of the class, additional credits are not awarded for the training. The Social Services Trainee class promotes after two years to the Social Work Services Manager 1 class under Regulation 5.158 In-Position Promotion. Additional credits only will be awarded for Social Work Services Manager 1 open-competitive examinations to candidates who have completed the above-referenced internship program.
27.0122 and 27.0127	Life Insurance Plan	Revision	This regulation is being revised to codify an agreement with District Council 33 effective January 1, 2015. The amount of life insurance coverage for DC 33 represented employees in Subsection 27.0122 is being changed from \$20,000 to \$25,000. In addition, the amount of group life insurance coverage in Subsection 27.0127 for School Crossing Guards is being revised from \$11,000 to \$15,000.
